- Perforated for natural flow of saliva
- Remoldable up to 20x for a perfect, quick and easy custom fit
- 180-day durability warranty
- Includes storage case

*FACT

It is estimated that up to 31% of the U.S. population experiences bruxism, commonly known as teeth grinding and/or jaw clenching during sleep. The impact of bruxism can be significant. It can be frequent and severe enough to lead to headaches, damaged teeth, jaw pain, worn tooth enamel, or even chronic facial pain. However, with proper treatment and care, the potential negative impacts of bruxism can be reduced.
