

RELAX WITH MACK'S®

We want your guests to have a relaxing, trouble-free floating experience. Proper ear care is an essential part of the experience. From the moment they enter the pod or cabin, to the moment they exit the shower - we have them covered with #1 Doctor Recommended earplugs and ear drying products.

Our comfortable, moldable silicone earplugs will not only seal out water, but they will also lower ambient noise for a restful, sensory-deprivation float. For the guests who might apply earplugs improperly, or simply will not wear them, our safe and effective ear drying products will gently dry the water from their ears, so they will leave your float spa feeling calm and relaxed, rather than bothered by water trapped in their ears.

U.S. and International Customers

If you are interested in ordering from us or setting up an account, please call 586-427-7560 or email us at info@MacksEarplugs.com. We look forward to speaking with you about any of our products that could benefit your business and your guests!

PILLOW SOFT® SILICONE PUTTY EARPLUGS

- The #1-SELLING* and ORIGINAL custom moldable silicone putty earplug that delivers a comfortable fit & great seal against water
- Helps promote a quality, restful float by blocking out noise (22 decibel noise reduction rating)
- Helps prevent swimmer's ear and provides protection after ear surgeries
- Made with non-toxic, non-allergenic, moldable silicone

KIDS SIZE SOFT MOLDABLE SILICONE PUTTY EARPLUGS

- Provides non-toxic, non-allergenic waterproof protection
- Provides a better, more comfortable fit and seal than custom ear plugs
- Smaller silicone earplugs recommended for kids 6 years old and under
- Bright color is fun for kids and easy for parents to see

Item #210 (KIDS SIZE)
200 pair dispenser

DRY-N-CLEAR®

- Mack's® Dry-n-Clear® dries and relieves the discomfort of water-clogged ears, quickly, safely & effectively

- Formulated with a unique moisturizing agent that helps dry excess water while conditioning the delicate lining of the ear canal

- Great for use after floating, swimming, bathing, showering, and other water-related activities

Item #86

EAR DRYER

- Invented by an ENT doctor to safely and effectively dry the ear canal where bacteria and fungi can grow, Mack's® Ear Dryer dries water from your ears in about one minute
- Provides controlled maximum temperature, airflow, cycle time and noise volume

Item #748

- Doctor recommended for use after floating, swimming, bathing, water sports, etc.

- Includes 4 color-coded, washable eartips for better hygiene between multiple users

- Folds shut for convenient storage and travel

- Requires 3 "AA" batteries
