

EASY FIT

IN & OVER EAR

The Live Fire™ Stealth is sporty, comfortable to wear and easy to use.

While holding the Live Fire™ Stealth, simply insert the ear tip into your ear canal and gently press into place with your fingertip to ensure a snug fit.

While holding the ear tip in place, carefully place the Live Fire™ Stealth over top and behind the ear.

Simple. Sporty. Stylish.

COMPANY INFO

**SOUND AMPLIFIER +
HEARING PROTECTION
FOR SHOOTERS**

**with DOUBLE-ACTION™
TECHNOLOGY**

AMPLIFY & PROTECT

Mack's® Live Fire™ Stealth with Double Action™ Technology amplifies sound, allowing you to listen closely for prey or talk with your friends at the shooting range...but the second that gun goes off, so does the amplification feature, protecting your ears from the loud and harmful noise. Since hearing protection is paramount, Mack's® Soft Foam Earplugs are also provided to protect your other ear.

DOUBLE ACTION™ TECHNOLOGY
